

# Little Eden Resort

## COVID-19 OUTBREAK UPDATE | 18 SEPTEMBER 2020

The Little Eden Team is overjoyed by the welcomed news that South Africa will allow travel into and out of the country for business, leisure and other travel with effect from 1 October 2020. We cannot wait to welcome back our international guests from selected countries based on the government's latest scientific data. We are excited, together with our international guests, to once again enjoy the beauty of Little Eden in safety and confidence.

Kindly take note that the move to alert level 1 will mean further easing of restrictions; however, health protocols, such as washing or sanitising of hands, social distancing and mask-wearing, will remain in effect. Further, take note that international travel will be subject to various containment and mitigation measures as per amendments to the [Regulations issued](#) in terms of section 27(2) of the Disaster Management Act, 2002 applicable to Alert Level 1.

Little Eden's own implemented and government's enforced safety measures will remain in place to ensure our Resort will continue to be a safe holiday environment for all our guests.
